

# EDITION 3

## STARTUP SHOWCASE (BRIEF)

Collaborative Incubation for  
Hardware & Systems Startups

intel.

### Ariano Instruments Pvt Ltd.

Ariano's advanced expressive keyboard enables smoother melodies across multiple music instruments by sensing multiple dimensions of information within a key.

#### Vertical Focus

- Music

### CamCom Pvt Ltd.

Enterprise defect and damage assessment platform built on a computer vision stack, deployed using mobile phone cameras and industrial rigs (where required); removes subjectivity from the QC process, vertical agnostic

Website: [camcom.ai](http://camcom.ai)

#### Vertical Focus

- Automotive
- Industrial / Manufacturing
- SCM / Logistics
- Construction

### Haystack Analytics Pvt Ltd.

Application of Big Data and analytics for automated genomics-based drug susceptibility testing for large scale deployment; starting with Tuberculosis, can be extended to other infectious diseases.

Website: [haystackanalytics.in](http://haystackanalytics.in)

#### Vertical Focus

- Healthcare
- Diagnostics
- Clinical Trials
- Wellness

### Infilect Technologies

Infilect uses AI to capture store interactions, digitize retail shelves, measures degree of on shelf availability of every SKU to provide real-time data on stock availability on shelves

Website: [infilect.com](http://infilect.com)

#### Vertical Focus

- Retail
- Consumer Goods
- Software / Internet / Enterprise

### QNu Labs Pvt Ltd.

QNu Labs is a leader in quantum cryptography products and solutions offering security for data at rest and in transit. QNu leverages quantum technology to offer solutions such as data center protection, Multi Factor Authentication which eliminate Man-in-the-Middle attacks empowering enterprises to address the menace of Phishing.

Website: [qnulabs.com](http://qnulabs.com)

#### Vertical Focus

- Semiconductor / Electronics
- Defense & Government
- Telecom
- BFSI
- Industrial / Manufacturing

### Switchon

Leverages technologies such as Industrial IoT and Machine learning to digitize critical equipment for industries by creating Digital Twins of equipment to help customers reduce unplanned downtime, improve operational efficiency and maximize asset utilization.

Website: [switchon.io](http://switchon.io)

#### Vertical Focus

- Automotive
- Consumer Goods
- Steel
- Process Manufacturing

# EDITION 3

## STARTUP SHOWCASE (BRIEF)

Collaborative Incubation for  
Hardware & Systems Startups

intel

### TenXer Technologies Pvt Ltd.

TenXer's Virtual Lab enables Integrated Circuit components/subsystems to move on cloud. Provides online evaluation & real hardware feedback of ICs; delivers reduced sales cycle, increased lead conversion & data on user behavior.

Website: [tenxertech.com](http://tenxertech.com)

#### Vertical Focus

- Industrial / Manufacturing
- Semiconductors / Electronics
- Telecom
- Automotive
- Aerospace & Defense

### Tranzmeo IT Solutions Pvt Ltd.

Tranzmeo's T-Connect is an intelligent high-performance system using optical fibre sensing & photonics technology and deep learning to create a complete comprehensive ecosystem, redefining anomaly and intrusion detection in pipelines

Website: [tranzmeo.com](http://tranzmeo.com)

#### Vertical Focus

- Energy, Oil & Gas
- Industrial / Manufacturing

TRANZMEO

### Vacus Tech Pvt Ltd.

Vacus Tech is a wireless indoor positioning company with patented technology for automated configurable fencing, precise positioning and accounting of assets and people with an accuracy of 30 cm.

Website: [vacustech.com](http://vacustech.com)

#### Vertical Focus

- Industrial / Manufacturing
- Energy, Oil & Gas
- Aerospace & Defense
- HealthCare
- SCM / Logistics

### VDT Pipeline Integrity Solutions

Solution helps prevent catastrophic disaster, increases safety of the oil & gas distribution systems, by inspecting pipelines, internally, for various failures

Website: [vdtosolution.com](http://vdtosolution.com)

#### Vertical Focus

- Energy, Oil and Gas
- Industrial / Manufacturing

गुणवत्ता परदर्शिता विशुद्धता

### Wobot Intelligence Pvt Ltd.

Wobot.ai enables process compliance using AI powered video analytics. The platform comes with pre-built checklists and tasks that can be assigned to existing cameras to monitor compliance of regulatory and other SOPs for organisations in Food, Retail, and Industrial sector.

Website: [wobot.ai](http://wobot.ai)

#### Vertical Focus

- Food & Beverage
- Retail
- Industrial / Manufacturing
- Travel / Hospitality
- Automotive
